What is a Matching Gift?

A **Matching Gift**, also known as a matching fund or **matching** donation, is a charitable **gift** made toward a non-profit organization by a **matching** donor (e.g., an employer) under the provision that an original donor (e.g., an employee) first makes a **gift** toward that organization.

Examples of companies that do match are: Bank of America, Home Depot, Honeywell, UPS & Verizon. If you are not sure if your employer does matching donations, you can check this website: <http://www.ashanet.org/Dbase/inv-give-matching.html> or contact your HR department.

I am employed by \_\_\_\_\_. I have requested a matching donation in the amount of \_\_\_\_\_. I will provide the necessary documents for St. Jerome ECC to secure this donation.
